STRIPES

67 CHEVELLE "SS" STRIPE KIT

Chevrolet originally offered two stripe kits for the 67 Chevelle SS models. Those stripe kits consisted of 10 pieces and 14 pieces. The 10 piece stripe kit travels from the front fender to the rear quarter panel on both sides of the car. The layout for this stripe kit is broken by the wheel openings-one side uses two pieces for the fender, one for the door and two for the rear quarter.

The 14 piece kit is an extension of the 10 piece. This kit utilizes two additional pieces (per side) which travels over the wheel openings.

EL CAMINO TAILGATE WOODGRAIN INSERT

After years of sun, the vinyl woodgrain trim on the tailgate is faded beyond recognition, or it's probably peeling or even missing altogether. Replace it today with one of these kits. Brazilian walnut grain pattern was originally used on 1967 models while the American walnut grain pattern was originally used on 1968-72 models. Adhesive backing, simply peel and stick!
